

## **ENERGY ENTERPRISES**

### **Complete Hard Water Solutions**

ENERGY ENTERPRISES is a trusted water treatment solution provider with over 15 years of experience. We provide professional water treatment solutions for homes, villas, apartments, commercial buildings and industries. Our Parryware hard water solutions help protect plumbing systems, appliances and improve overall water quality.

#### ***Hard Water Problems***

Hard water contains minerals such as calcium and magnesium that can cause scale formation in pipelines, bathroom fittings, geysers and appliances. This can reduce appliance life, block pipelines and create maintenance problems. ENERGY ENTERPRISES provides advanced conditioning systems to control scaling and protect your plumbing system.

# Parryware Smart AquaSoft Water Conditioners

Aquasoft 12 – Shower / Tap Application

Aquasoft 16 – Single Bathroom

Aquasoft 30 – Individual House

Aquasoft 70 – Villas / Small Buildings

Aquasoft 110 – Large Homes / Apartments

### ***Benefits of AquaSoft Systems***

- Reduces scale formation in pipelines
- Protects taps, geysers and appliances
- Improves soap and detergent performance
- Low maintenance operation
- Ecofriendly technology

# Parryware Smart ElectroSoft Systems

ElectroSoft systems are designed for centralized hard water treatment in apartment buildings and commercial facilities. These systems help remove existing limescale, prevent future scale formation and improve the performance of water-connected appliances.

| System           | Application                             |
|------------------|-----------------------------------------|
| Electrosoft 2000 | Small apartment buildings               |
| Electrosoft 4000 | Large apartments / commercial buildings |
